

PAYAM MOAZZAZ, MD
Orthopedic Surgeon

Our surgeons transform the
**POWER OF
TECHNOLOGY**
into the **ART OF HEALING.**

IT STARTS WITH CARING. We use our skill, our mind and our heart to provide compassionate care to our patients. We know that there's no such thing as a routine procedure—that every time we perform surgery, it requires our supreme effort. So in addition to traditional surgery, Tri-City Medical Center offers minimally-invasive robotic surgery. Our surgeons perform procedures that result in faster recovery, less pain, smaller scars and less risk of complications. It's all part of providing you the best possible care.
